December 2010

To friends of Kensington:

Greetings, and welcome to the 2010 edition of the Kensington Community Services Guide. Our aim has been to include in this Guide all not-for-profit organizations sited in Kensington that offer services to Kensington residents.

This Guide has been brought to you by the Kensington Association, your local residents group. We acknowledge the City of Melbourne for providing funding for its production.

We love Kensington: its people, its fabric and its location. Kensington has a “feel” that is rooted in our acknowledgement of community and neighbourhood.

The Kensington Association is committed to preserving and enhancing our community. Not to try and freeze it in time, but to ensure that as change occurs, our amenity and history is preserved and that, in particular, potential building development excesses are curtailed.

This Guide is both a recognition and celebration of the many services and agencies that form a vital part of our community. We hope you find it useful. A copy is also accessible on our website ([www.kensingtonassociation.org.au](http://www.kensingtonassociation.org.au)) where you will also find a wealth of information on our suburb and the activities of the Association and its members.

If you would like to know more about the Association, become a member, or get involved in our activities, please feel free to contact us at [members@kensingtonassociation.org.au](mailto:members@kensingtonassociation.org.au).

All the best,

**David Ettershank**

Chairperson of the Kensington Association  
2010-2011

# Kensington Association

## our aim

To maintain and develop our suburb's unique character and enhance the amenity of Kensington for the benefit of all residents.

## who we are

Established in 1977, we are a non-profit resident action group consisting of people just like you - Kensington people who are committed to the future of our community. Our day-to-day business is conducted by an unpaid Steering Committee of volunteers, elected each year at the Annual General Meeting of our Association.

The *Kensington Association* was preceded by a number of other organisations with similar objectives, including the *Flemington/Kensington Progress Association* of the 1940s and the *Kensington Social Action Group*.

## what we do

- We work to preserve the character and amenity of our community and improve the delivery of services to its residents.
- We maintain a good working relationship with our local Council, the City of Melbourne, ensuring that both Councillors and Council officers are fully aware of residents' concerns.
- We provide leadership for community campaigns such as the 'Hands off Holland Park' campaign, the 'Reunite Kensington' campaign and the campaign to oppose the use of the Broadmeadows Line for the proposed airport rail service.
- We monitor proposed building developments in Kensington, supporting those that enhance amenity, and opposing those that are inappropriate.
- We represent Kensington residents on committees, such as the Holland Park Redevelopment Committee and the Community Liaison Committee for the Kensington Estate redevelopment project.
- We speak for you and provide advocacy for you when organisations ask us to comment on proposed new developments.
